

EXTENSION OF PROGRAM REQUEST

PLEASE NOTE: All requests for program extension must be filed AT LEAST 30 days before the completion date on your I-20.

International students may be granted additional time to complete their academic program provided that the delay is caused by a legitimate academic or medical reason. Delays caused by academic probation or suspension are not acceptable reasons for program extension.

International students may be granted ONE PART-TIME semester with approval from their academic advisor provided that it is the FINAL semester of study.

Please bring this signed form, along with your passport and current I-20 to Suzanne Hegland or Kay Patterson to request an I-20 extension.
